Hi Jermaine

The two has nothing to do with each other , withholding property is theft.

I will then pay the remaining occupation rent back on the day we collect the last of our items.

I expect to collect the outstanding items by the end of this week , If not we would take legal action and open I theft case. This is definitely not the way would like to go , we gave early occupation with the arrangement that some of the items can be collected at a later stage due to the weight of these items a crane is required. You were there when Alfred agreed to this. So please communicate this to him.

The electrical situation will be discussed separately, in the meantime it can be taken up with the Company that provided the COC as I did everything expected by the bank.

Best regards

Nou net die sms ontvang vanaf Alfred....

When I have clarity about the electrical situation I will be more than accommodating wrt to the collection of the saw. He also has a treadmill and a large safe that must be taken at the same time.

Hi Willem

Ek kry nou die kwotasie vanaf Alfred , Ek stel voor jy vra Die prokureurs om n brief vir hom te stuur wat verduidelik day hy dit met vorige elektrisiën moet op neem wat Coc uitgereik het.

Die is nou ridiculous in my opinion
